Parent Survey Due	Fri. 03/31
No School for Students	Fri. 04/14
Field Day	Thurs. 04/27
Poem in my Pocket Day	Thurs. 04/27

Field Study Wednesday

On Wednesday we are going on a field study to gather information for our science expedition. Forms are due today (Monday, March 27th) along with the \$5 to cover the bus costs. We are still in need of chaperones to go along with us so please let your crew leader know if you are able to go with us.

Writing STAAR

This week is the big day! Here are some reminders to make sure that we are as successful as possible for the test on Tuesday:

- Make sure to get a good night's sleep on Monday night
- On Tuesday morning, make sure to eat a good breakfast and get to school on time
- Wear comfortable clothing (no pajamas, but you can dress out of uniform)
- Bring your STAAR box (information was sent last week, ask your crew leader for more information)
- A snack and water bottle will be provided for students during the test
- **Please do not bring your backpack** or cell phone on Tuesday. Just a lunch and your STAAR box will be enough.

We have been working hard to prepare, now all we need to do is show our strengths!

Parent Survey

In case you have not taken the parent survey, here is the link:

<https://www.surveymonkey.com/r/ManaraParentSurvey2017>

Learning Targets

Math:

- I can determine the approximate measures of angles in degrees to the nearest whole number using a protractor.
- I can draw an angle with a given measure.
- I can determine the measure of an unknown angle formed by two non-overlapping adjacent angles given one or both angle measures.

Science:

- I can demonstrate and illustrate the water cycle.
- I can recognize the importance of the sun in the water cycle.

Language Arts:

- I can revise and edit a paper to add vivid words.
- I can organize an expository writing using a student example.
- I can play a game by reading the directions and following them.

Social Studies:

- I can summarize the contributions of people in the development of the cattle industry.
- I can locate important cattle trails and explain their importance to the cattle industry.
